

Dear Applicants,

We will request the items below soon after we get your application. Please have them ready before you submit your application. Thank you.

1. The transcript for your PhD studies.

If there is no transcript issued by your University, please request a letter from the University attended. Please note that the letter must include the registration and graduation dates. ([sample letter](#))

2. A link to a cloud drive (ex. google drive, ...) with the e-files of the publications listed in the application form.

One paper/book/book chapter, one PDF. A PDF must include the clear publication year/month page(s).

Except your PhD dissertation, if there is no publication **month** shown on the 2020 and 2018 publications, a proof of the publication **month** must be attached to this publication. This proof can be a page from a website, a letter from the editor, ... etc.

For forthcoming publications, please attach the acceptance letter with the expected publication date (year and month). The title of the publication and your name must be shown in the letter.

- ✳ If your representative or supporting work(s) listed in the application form is a book or book chapter, a letter from the publisher stating that the book has been peer-reviewed prior to publication is required with your application form. Your application won't be processed without the letter.
- ✳ If your representative work(s) listed in the application form is a co-authored work, a Certificate of Co-Authorship is required with your application form. Your application won't be processed without this certificate.

[Chinese certificate]
