Dear Applicants,

We will request the items below soon after we receive your application. Please have them ready before you submit your application. Thank you.

1. **The transcript for your PhD studies.**

   If there is no transcript issued by your University, please request a letter from the University attended. Please note that the letter must include the registration and graduation dates. (sample letter)

2. **A link to a cloud drive (ex. google drive, …) with the e-files of the publications listed in the application form.**

   One paper/book/book chapter, one PDF. A PDF must include the clear publication year/month page(s).

   Except your PhD dissertation, if there is no publication **month** shown on the 2022 and 2020 publications, a proof of the publication **month** must be attached to this publication. This proof can be a page from a website, a letter from the editor, … etc.

   For forthcoming publications, please attach the acceptance letter with the expected publication date (year and month). The title of the publication and your name must be shown in the letter.

※ If your representative or supporting work(s) listed in the application form is a book or book chapter, a letter from the publisher stating that the book has been peer-reviewed prior to publication is required with your application form. Your application won't be processed without the letter.

※ If your representative work(s) listed in the application form is a co-authored work, a Certificate of Co-Authorship is required with your application form. Your application won't be processed without this certificate.

[Chinese certificate]
